- On September 10, 2013, the EPA indicated during a phone conversation between Jezebele Alicea-Virella and you, that a non CBI memo in response to item 5 is available at the public docket for the proposed revisions to the steam electric power generating effluent guidelines and standards at www.regulations.gov, in the docket (EPA-HQ-OW-2009-0819-2234). However, data redacted from the memo cannot be provided by OST because this data is maintained by the Office of Groundwater and Drinking Water.
